2268 KIRBY Nicholas Richard			21	HIGH WYCOMBE	
2269 NEWSON Alan			32	ABINGDON	

LETTER FROM THE RESULTS OFFICER

Dear Marathoner,

The following three pages contain the official results of the Morland Abingdon Marathon held on 23 October 1988. While the finishing times and positions were recorded by AAA & WAAA officials, the halfway timing was not by officials and it is included only as an indication of how the race developed. Indeed we did have some trouble with runners not displaying numbers at 13 miles, but I believe we have managed to correctly identify these.

There were 225 entries. 188 competitors passed the halfway mark. 177 finished. Of particular note were the three wheelchair competitors: Stuart Anderson, 49th., Paul Scaysbrook, 99th., and Dean Hazell, 101st.

In addition to the performances achieved by the leading runners, it is gratifying to see a good number of FIRST MARATHONS completed, and also numerous PERSONAL BEST TIMES. Here I would emphasise the information on previous performance is that provided on the entry form. In some cases this was blank and several runners rounded their PB to the nearest minute, so we may have missed some. Congratulations to Jeanne Penfold and Kevin Smith, both of whom displayed precision timing by improving their PBs by exactly one second! The most even split times were those of John Hornby whose second half was 18 seconds faster than his first half.

Thank you for supporting this event. We hope to be able to repeat it next year and look forward to meeting you.
