

ABINGDON MARATHON 1995

RESULTS

R

Well done to the 309 competitors who completed this year's Abingdon Marathon. We had some 380 entries including 8 from our twin town Argentan in France, and 6 Dutch runners who surprised us by turning up from Holland to enter on the day. We were certainly lucky with the weather again, although it did turn a bit blowy by late morning. We were relegated to tents because an army exercise needed the control tower but as it turned out the only serious problem this caused was an overloading of the electricity points. (A similar problem to a couple of years ago... with four tea urns bubbling away at once we were probably expecting a bit much). We eventually managed to get power back to the computer and to brew tea for the finishing runners. Luckily the sun came out to warm the helpers and spectators who had to make do with cold drinks.

E

S

We had a bit of a scare when a convoy of army trucks appeared on the runway, closely followed by the lead car and Paul Harris cruising in to victory. The trucks came to a standstill in front of the finishing gantry and almost caused a traffic jam before being moved on just in time. Paul knocked 3 minutes off his PB to finish in 2 hours 29. The winning lady, Mandy Whittington, knocked 6 minutes off our course record to finish in 2.49.44. Both winners come from Bicester so the Oxfordshire AA champions were easy to identify! Another record to go was in the Veteran 50 category, with Barry Watson taking 9 minutes off, finishing in 2.39.02. We didn't have a course record in the Veteran 70 category so it has now been set by David Ash at 4.50.16. Cheltenham Harriers sent a strong men's team, and with all four members finishing under 3 hours they had an easy victory over second placed Witney. Last year we reduced the size of the ladies team from four to three in the hope that more ladies teams might enter, but once again there was just the one team, and Abingdon Amblers ladies took the prize.

U

L

We had some problems with the finishing photos because they had to be taken into bright sunshine - not something we had come across before! If you are lucky enough to have a finishing photo in your results pack you can order reprints and enlargements using the form - but please do before December 1st. T-shirts and sweatshirts can also be ordered.

T

Finally, a word of thanks to all our sponsors, supporters, and helpers who make the marathon run smoothly.

S

And many thanks to you, the runners, for making it all worth while.

You will be mailed in June next year with details of the
9th Morland Abingdon Marathon on October 20th 1996

Make a note of it now and persuade your friends to come and run too!
