

Results 1996

Well done to everyone who completed the marathon, especially those of you who had not done one before. Our winner this year, Pete Wilson, not only fell into this category, but also set a new course record of 2.23.13 in conditions which were far from ideal. Winning the ladies race was Sally Pitts of Witney Road Runners who improved on last year's third place and also set a new PB of 3.06.07. The team competition was as close as ever with Leamington C & AC taking the honours, closely followed by Oxford City and Reading Road Runners. It was particularly pleasing to have three ladies teams finish this year, and an excellent performance by all three of the Witney Road Runners team gave them a clear margin over Abingdon Amblers and Radley Ladies. Another lady deserving a mention is Mary Anstey, our oldest lady competitor. At the age of 60 she set a new course record of 3.36.28 in the L55 category.

As with last year's winners, this year's provided us with the county champions, with both county team prizes going to Witney. It maybe worth mentioning here that many people who qualify to take part in the county championships don't actually enter. If you have lived in Oxfordshire for 9 months, or were born here, and you have not taken part in any other county's championship in the past calendar year then you are eligible to enter. All you have to do is tick the box on the entry form, and submit your entry at least one week before the event. So next year lets have a few more entries!

In the wheelchair race we had a record six competitors. Alec Collins from Bicester gave an excellent performance, coming home in 2.12.53 in his first marathon, and finishing just outside Andy Cheek's course record of 2.10.02.

You may have been aware of several runners starting their race an hour early. This was our way of accommodating some of the slower runners who felt they might take longer than our 6 hour time limit. Originally we had only one runner starting early, so one of our club runners, Jackie Billington, offered to run the first few miles with him as a marshal before the course was actually open. When the rest of the field caught up, Jackie was discharged from her marshalling duty but decided to continue with the race, and managed to complete her first marathon in 5.46.36. This was particularly exciting because Jackie only took up running this year and had completed just one half marathon. Well done!

If you were lucky enough to be caught by the camera as you finished your photo will be enclosed with this pack. We had a near disaster when the finishing gantry started to collapse as the clock was being set-up, which is why it had to be installed at the side of the finishing funnel. Apologies to those of you who don't have your time recorded on your photos.

Many thanks to all of you who came and ran, and a big thank you to all our helpers, supporters, and sponsors. I hope you enjoyed the event enough to consider coming back. Next year's event is our 10th anniversary so why not come and celebrate with us?

*The Tenth Morland Abingdon Marathon
is on October 19th 1997.*
